

U.S. PATENT APPLICATION
SERIAL NO.:
PRELIMINARY AMENDMENT

ATTY DOCK: 3968.086

REMARKS

The present application is filed as a divisional application of the parent application and is directed to a matrix particle having a perfume component and a washing-active surfactant component.

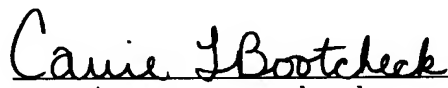

Applicant has amended the specification to include the information of the related U.S. application.

A new Abstract has been added in order to direct the content of the abstract to the subject matter of the present claims.

Claims 1-25 have been cancelled. Claims 26-44 have been added.

It is respectfully submitted that no new matter is introduced by the above amendments. Early entry and favorable consideration are respectfully requested.

Respectfully submitted,

Carrie L. Bootcheck
